IGSSL, at its discretion, may not evaluate a bid in case of non-submission or partial submission of technical details. The proposal must be submitted in an organized and structured manner and no brochures/leaflets etc. should be submitted in loose form.

The technical proposal should comprise of following:

(i) Details of proposed sites, Physical infrastructure, Hardware infrastructure, Network architecture, software, tools, IVR, CRM etc. with its Technical Specifications, features complying to the scope of work mentioned in RFP document.

(ii) Executive Summary should summarize the content of the response. This should initially provide an overview of bidder's organization and position with regards to IGSSL requirement for Vendor Management Solution solution. A summary of Bidder's solution that will be provided as a part of this solution should follow. A brief description of the unique qualifications of the Bidder should then be provided followed by a summary on capabilities such as resources and experience of providing such solution. Information provided in the Executive Summary is to be presented in a clear and concise manner.

(iii) Transition Plan – activities, timelines, dependency, and mitigation.

(iv) Details about the regulatory condition and how Service Provider will ensure compliance of these conditions and what help he requires from IGSSL in this respect.

(v) Documentation (product brochures, leaflets, manuals, technical specification, data sheet etc.) to provide complete information of the solution offered to IGSSL and confirming Functional and Technical specification mentioned in Section V.

(vi) Solution architecture, suggested network diagram and implementation methodology.

(vii) Technical specifications and documentation on interfacing with bank's various systems

(viii) Details of extent of Bank's existing technology infrastructure/technology being reused in the solution being provided

On completion of these requirements, technical compatibility is assessed for requisite technology and customer convenience as per bank's requirements.

8.1.2 Technical Assessment

It shall broadly cover the following:

1. Submissions made by bidders and the supporting documents submitted in their response to this RFP as per the template provided.

2. - (d) Proposed technology & network architecture along with redundancies for disaster recovery.
- (e) The bidder may propose cloud-based solutions additionally, which, subject to assessment by IGSSL's risk teams, may be considered, at IGSSL's sole discretion
- (f) Proposed re-use of existing technology / infrastructure already available with the IGSSL
- (g) Proposed year on year development man days assumed in the pricing

- (h) Proposed data security and confidentiality measures across premises, processes, technology infra & applications, networks, data centre etc. including internal external audits and certifications
- (i) Proposed Transition Plan with activities, timelines envisaged dependencies and proposed mitigation.
- (j) Expected regulatory aspects and proposed compliance plan
- (k) Suggested transformational Roadmap for IGSSL's Vendor Management Solution operations
- (l) Any value-added services with respect to Vendor and Expense Management Systems proposed by the bidder as part of its unique and differentiated offerings
- (m) Year on year efficiency / innovation / robotics automation / productivity commitments by the bidder resulting in lowering of cost to serve and enhanced customer experience
- (n) Proposed plan to keep technology and infrastructure refreshed and updated
- (o) Proposed plan to move to output based pricing after initial year of operations

Copy of presentation will be given to IGSSL.

4.References provided/gathered by IGSSL about the Vendor Management Solution System service rendered by the company.

The bidder must give a demonstration of their proposed solutions and existing live site at their cost. This will be a part of technical assessment to ensure compatibility with IGSSL's systems/requirements.

IGSSL will allot score to the above evaluation criteria individually. The aggregation of the scores under the above criteria will be termed as "Aggregate Technical Score (ATS)" and will be used for further evaluation. The template for "Stage – B Technical Evaluation" is as per the Annexure F.

Those Respondents who meet a minimum score of 70% under "Aggregate Technical Score" will be considered as "Qualified under Stage B" and will be considered for evaluation under Stage C.

In case there is only one vendor having technical score of 70 or more, IGSSL may, at its sole discretion, also consider the next highest technical score and qualify such vendor. In case none of the participant bidders scores more than 70% marks or more in the technical evaluation, the commercial bid of top 2 bidders may be opened at the sole discretion of IGSSL. However, IGSSL at its discretion may reject the proposal of the Vendor or will not consider vendor below cut off marks by relaxing as mentioned above, if in IGSSL's opinion the Vendor could not present or demonstrate the proposed solution as described in the proposal or in case the responses received from the customer contacts / site visited are negative or the proposed solution does not meet IGSSL's functional and technical requirement.

The "Aggregate Technical Score" secured by the Respondents will be used in the Stage C – Techno-Commercial Evaluation.

8.2 Stage C - Techno-Commercial Evaluation:

5. Prices quoted by the Vendor should be inclusive of all taxes, duties, levies etc. except GST. GST will be paid at actuals. The Vendor is expected to provide the GST amount and GST percentage in both the commercial and masked bids (without amounts being submitted in the technical response). **There will be no price escalation for during the contract period and any extension thereof. Bid submitted with an adjustable price quotation will be treated as non-responsive and will be rejected.**
6. The prices offered shall be on a fixed price basis and should not be linked to variables like foreign exchange rate.
7. Any contradictory information, conditional pricing, exclusion of any item in TCO computation or error in computation may lead to summary disqualification of the bid as per sole discretion of IGSSL.
8. The shortlisted Bidders adjudged as eligible and technically qualified shall be notified of the date and time of opening of the commercial bids.
9. Commercial bids of short-listed Bidders from technical evaluation shall be opened on e-procurement system in the online presence of the representatives of shortlisted Bidders on Microsoft teams meeting, who choose to attend.
10. Commercial bids of all the short-listed Bidders would be evaluated on the basis of the commercial construct as specified below and the accompanying supporting information.
11. A detailed evaluation of the commercial bid would be done to ensure that the commercial bid calculations quoted are free from computational errors. Commercial bids having computational error(s) will be deemed as non-responsive.
12. On the event that two or more Bidders quote exactly the same lowest validated amount for the project, then IGSSL reserves the right either to (a) invite fresh Proposals from these Bidders; or (ii) take any such measure as may be deemed fit in its sole discretion, including annulment of the bidding process; or (iii) identify the selected Bidder by draw of lots, which shall be conducted, with prior notice, in the presence of the Tie Bidders who choose to attend.
13. The Volume mentioned is approximate and is for TCO purpose.
14. The vendor is expected not to add any conditions / deviations in the commercial bid. Any such conditions / deviations may make the bid liable for disqualification.
15. The decision of IGSSL shall be final and binding on all the vendors to this document. IGSSL reserves the right to accept or reject an offer without assigning any reason whatsoever.

The commercial proposals of short-listed bidders shall then be opened and evaluated for completeness. If the commercial quote is incomplete for not providing quotes for all required services, it shall be presumed that the services shall be provided without any additional cost to IGSSL. IGSSL may, however, in its absolute discretion disqualify a bidder whose commercial quote is found to be incomplete.

Procedure for techno-commercial evaluation

On the basis of the combined weighted score for technical and commercial evaluation, the bidders shall be ranked in terms of the total score obtained. The proposal obtaining the highest total combined score in evaluation of quality and cost will be ranked as H-1 followed by the proposals securing lesser marks as H-2, H-3 etc.

The proposal securing the highest combined marks and ranked H-1 shall be recommended for award of contract.

As an example, the following procedure can be followed:

A score (S) will be calculated for all qualified bidders using the following formula:

$$\frac{C_{low}}{C} 100X + T(1 - X)$$

C stands for cost arrived basis of commercial evaluation.

C_{low} stands for the lowest cost arrived basis of commercial evaluation. **T** stands for technical evaluation score and **X** is equal to 0.30.

Sr. No.	Bidder	Technical Evaluation Marks (T)	Cost (C)	T * 0.70 (A)	[(C _{low} / C) x 100] x 0.30 (B)	Score (S = A +B)
1	AAA	75	120	52.5	25	77.5
2	BBB	80	100	56	30	86
3	CCC	90	110	63	27.3	90.3

In the above example, **C_{low}** is 100.

In the above example, CCC, with the highest score becomes the successful bidder.

In case of more than one Bidder with equal highest score (S) up to three decimals, then number of decimals will be increased.

The technical evaluation and the commercial evaluation shall have the weightage of 70% and 30% respectively and this weightage shall be considered for arriving at the successful bidder.

The decision of IGSSL shall be final and binding on all the vendors to this document. IGSSL reserves the right to accept or reject an offer without assigning any reason whatsoever.

Erasures or Alterations

Technical details must be completely filled up. Corrections or alterations, if any, should be authenticated. In the case of the corrections/alteration are not properly authenticated, the offer shall be rejected.

There should be no hand-written material, corrections or alterations in the offer. Technical details must be completely filled up containing correct technical information of the product being offered. Filling up of the forms using terms such as "OK", "accepted", "noted", "as given in brochure/manual" are not acceptable to IGSSL. Offers not adhering to these guidelines may not be accepted to IGSSL.

8.4 Correction of Error in Commercial Bid:

IGSSL reserves the right to correct any arithmetical errors furnished in the Commercial Bid. If any such errors are notices, it will be rectified on the following basis:

- (a) IGSSL may waive off any minor infirmity or non-conformity or irregularity in a bid, which does not constitute a material deviation.
- (b) If there is discrepancy between the unit price and total price (which is obtained by multiplying the unit price by the quantity), the unit price shall prevail and the total price shall be corrected accordingly.
- (c) If there is discrepancy between percentage and amount, the amount calculated on percentage basis will prevail.
- (d) If there is a discrepancy in the total arrived at (addition, subtraction, multiplication, division and carryover of amount from one page to another), correct total will be arrived by IGSSL and the same will prevail over the total furnished by the bidder.
- (e) If there is a discrepancy between words and figures, the rate/amount in words shall prevail, unless the amount expressed in words is related to an arithmetical error in which case, the amount in figures will prevail, subject to the above two provisions.

If the bidder does not accept the correction of errors, the bid will be rejected.

9. Proposal Process Management

IGSSL reserves the right to accept or reject any or all proposals received in response to the RFP without assigning any reasons thereof. Also, IGSSL reserves rights to revise the RFP, to request one or more re-submissions or clarifications from one or more Bidders, or to cancel the process in part or whole without assigning any reasons.

Additionally, IGSSL reserves the right to alter the requirements, in part or whole, during the RFP process, and without re-issuing the RFP. Each party shall be entirely responsible for its own costs and expenses that are incurred while participating in the RFP, subsequent presentations and any other meetings during the process.

10. Liabilities of IGSSL

This RFP is not an offer by IGSSL, but an invitation for bidder responses. No contractual obligation on behalf of IGSSL whatsoever shall arise from the RFP process unless and until a formal contract is signed and executed by duly authorized officials of IGSSL and the bidder.

11. Bid and Proposal Ownership

The Bid submitted and all supporting documentation/templates are the sole property of IGSSL and should NOT be redistributed, either in full or in part thereof, without the prior written consent of IGSSL. Violation of this would be a breach of trust and may, inter-alia cause the Bidder to be irrevocably disqualified. The proposal and all supporting documentation submitted by the Bidder shall become the property of IGSSL and will not be returned.

12. Bid Pricing Information

By submitting a signed bid, the Bidder certifies that the Bidder has arrived at the prices in its bid without agreement with any other bidder of this RFP for the purpose of restricting competition. The prices in the bid have not been disclosed and will not be disclosed to any other bidder of this RFP. No attempt by the Bidder, to induce any other bidder to submit or not to submit a bid for restricting competition, has occurred.

SECTION-III

CONDITIONS OF CONTRACT

Scope of the Project

The **Vendor Management Solution (VMS)** for Indbank Global Support Services Limited (IGSS) is crafted to significantly streamline and elevate the efficiency of Vendor & Channel Partner management across various IGSS operations, as well as to bolster internal employee expenses management capabilities. This all-encompassing solution is expected to be a cornerstone in orchestrating collaborations with a broad spectrum of channel partners, including dealers, brokers, and connectors, vital for generating business at IGSS. Additionally, the solution should seamlessly integrate and synergize with other vendor partners of IGSS, ensuring a cohesive and efficient operational ecosystem.

Below is detailed scope requirement :

Vendor Management System

Unified Vendor Database Capability: The system should provide a unified vendor database that seamlessly integrates with other systems to efficiently store and manage vendor data.

Automated Vendor Onboarding Workflow: The system should be able to streamline the vendor onboarding process through automated workflows that facilitate communication between vendors and procurement teams, reducing the time it takes to get new vendors on board.

Integration with CRM System, HRMS, and Accounting Systems: The system should be able to integrate with other systems such as CRM, HRMS, and accounting systems to enable efficient collaboration between different teams.

Advanced Search and Filtering for Vendor Data: The system should provide advanced search and filtering systems that enable users to access relevant vendor data quickly and easily.

Vendor Categorization and Tagging Ability: The system should enable easy classification and grouping of vendors through vendor categorization and tagging, making it easier for users to sort and manage vendors effectively.

Document Management System with Secure Upload: The system should provide a document management system with secure upload capability that facilitates efficient management of documents between vendors and procurement teams.

Data Validation and Integrity Checks for Vendor Entry: The system should enforce data validation and checks to ensure data accuracy and consistency, reducing the risk of errors in the database.

Compliance Checklist for Internal & External Users: The system should have a compliance checklist to ensure that all necessary guidelines and regulations are followed, reducing the risk of non-compliance, and ensuring that all necessary procedures and processes are followed.

Due Diligence and Background Checks for Vendors: The system should be able to perform due diligence and background checks to ensure that vendors are reliable and trustworthy, reducing the risk of potential compliance and reputational issues. (PAN Validation, GST, Udyam Registration Check, Penny Drop)

Mechanism to Record Audit Outcome of Vendors and Maintain Certificates/Reports: The system should have a mechanism to record audit outcomes of vendors and maintain certificates/reports to ensure continued compliance, providing an efficient and secure way to store important information.

Compliance with Data Privacy and Protection Laws: The system should ensure compliance with data privacy and protection laws to ensure all data is stored and processed securely and in compliance with all necessary regulations.

Workflow Automation for Procurement Processes: The system should automate procurement processes such as purchase order, inventory, and budget management tools to streamline the procurement process and save time.

Purchase Order Management System: The system should have a purchase order management system that automates the purchase order process, reducing the risk of errors and saving time.

Inventory Management System Integration: The system should be able to integrate with an inventory management system to ensure better management of inventory and reduce the risk of shortages or overstocking.

Supplier Collaboration Portal: The system should provide a supplier collaboration portal that enables efficient and secure communication with vendors, improving the overall efficiency of collaboration between suppliers and the organization.

Budget Management Tools for Procurement: The system should provide budget management tools that enable efficient management of budgets for procurement projects, reducing the risk of going over budget.

Request Tracking System for Procurement: The system should provide a request tracking system for procurement that enables users to track procurement requests, ensuring timely processing and reducing the risk of lost or forgotten requests.

Customizable Dashboards for Procurement and Vendor Management: The system should allow users to customize up to 5 dashboards for procurement and vendor management, providing easy access to relevant data and allowing for easy tracking of vendor performance.

Centralized Communication Platform for Teams and Vendors: The system should provide a centralized communication platform for teams and vendors that enables efficient and timely communication, improving the overall efficiency of collaboration.

Customizable Access Controls for Sensitive Data: The system should provide customizable access controls to ensure that sensitive data is accessible only to authorized personnel, improving overall data security and confidentiality.

Role-Based Access Controls for System Security: The system should provide role-based access controls that improve system security by ensuring that only authorized personnel can access and modify the system.

Support for Multi-User Collaboration and Workflow Mechanism: The system should support multi-user collaboration and workflow mechanisms that improve collaboration and data sharing between users, facilitating more efficient work processes.

Data Management and Reporting

Integration Capability with BI Tools for Reporting and Analytics for Vendor Performance: The system should be able to integrate with BI tools to enable viewing and analysis of vendor performance data, providing insights and guidance for informed decision making.

Tools for Vendors to Submit Performance Data Transparently within the Self-Service Portal: The system should provide tools that enable vendors to submit performance data transparently more easily and accurately, reducing the risk of errors and increasing the reliability of vendor performance data.

A Centralized Dashboard for Comprehensive Viewing of Vendor Performance Insights: The system should provide a centralized dashboard for viewing and analysis of vendor performance data, providing insights and guidance for informed decision making.

A Module for Reconciling Internally Sourced Performance Metrics with Vendor-Submitted Data: The system should have a module that reconciles vendor performance data with internally sourced performance metrics, ensuring data accuracy and reliability.

Audit Trails for All Vendor Management Solution Activities: The system should provide audit trails to record all vendor management solution activities, providing transparency and accountability.

Technical Aspects

Multi-Factor Authentication (MFA) for System Access: The system should have MFA to enhance security by requiring users to authenticate their identity using two or more verification methods, ensuring that only authorized personnel can access the system.

End-to-End Encryption of Sensitive Data: The system should have end-to-end encryption of sensitive data to ensure protection from unauthorized access, improving overall data security and confidentiality.

Regular Penetration Testing and Vulnerability Assessments: The system should conduct regular penetration testing and vulnerability assessments to identify weaknesses and enable timely remediation, improving overall system security.

Data Backup and Passive Disaster Recovery Mechanism: The system should have data backup and passive disaster recovery mechanisms to ensure high-level data protection and enable data recovery during system failure or disaster.

API Security, Including Rate Limiting and Encryption: The system should ensure secure data transfer and protection through API security, including rate limiting and encryption, reducing the risk of data breaches and cyber-attacks.

Indemnity Clause

If at the time of the supplying, installing the equipment in terms of the present contract/order or subsequently it appears at any point of time that an infringement has occurred of any patents, trademarks or other rights claimed by any third party, then in respect of all costs, charges, expenses, losses and other damages which IGSSL may suffer on account of such claim, the supplier shall indemnify IGSSL and keep it indemnified on that behalf.

Disclaimer

IGSSL and/or its officers, employees disown all liabilities or claims arising out of any loss or damage, whether foreseeable or not, suffered by any person acting on or refraining from acting because of any information including statements, information, forecasts, estimates or projections contained in this document or conduct ancillary to it whether or not the loss or damage arises in connection with any omission, negligence, default, lack of care or misrepresentation on the part of IGSSL and/or any of its officers, employees.

This RFP is not an agreement by the Authority to the prospective Bidders or any other person. All such costs and expenses will remain with the Bidder and the Authority shall not be liable in any manner whatsoever for the same or for any other costs or other expenses incurred by a Bidder in preparation or submission of the Bid, regardless of the conduct or outcome of the Bidding Process.

The information contained in this RFP document, or any information provided subsequently to Bidder(s) whether verbally or in documentary form by or on behalf of IGSSL, is provided to the Bidder(s) on the terms and conditions set out in this RFP document and all other terms and conditions subject to which such information is provided.

This RFP is neither an agreement nor an offer and is only an invitation by IGSSL to the interested parties for submission of bids. The purpose of this RFP is to provide the Bidder(s) with information to assist the formulation of their proposals. This RFP does not claim to contain all the information each bidder may require. Each Bidder should conduct its own investigations and analysis and should check the accuracy, reliability, and completeness of the information in this RFP and where necessary obtain independent advice. IGSSL makes no representation or warranty and shall incur no liability under any law, statute, rules or regulations as to the accuracy, reliability or completeness of this RFP. IGSSL may in its absolute discretion, but without being under any obligation to do so, update, amend or supplement the information in this RFP.

This is not an offer by IGSSL but only an invitation to bid in the selection process initiated by IGSSL. No contractual obligation whatsoever shall arise from the RFP process until a formal contract is executed by the duly authorized signatory of IGSSL and the Bidder.

Patent Rights

The Supplier shall indemnify IGSSL against all third-party claims of infringement of patent, trademark or industrial design rights arising from use of the Goods or any part thereof.

IT Act 2000

The solution and service to be quoted as per this tender should comply with the requirements under Information Technology Act 2000 and subsequent amendments and related Government/Reserve Bank India guidelines issued from time to time.

Intellectual Property Rights

Notwithstanding the disclosure of any confidential information by the disclosing party to the receiving party, the disclosing party shall retain title and all intellectual property and proprietary rights in the confidential information. No license under any trademark, patent or copyright or application for same which are or thereafter may be obtained by such party is either granted or implied by the conveying of confidential information.

Acceptance of Purchase Order

Vendor has to submit the acceptance of the purchase order within 7 days from the issue of Purchase order, duly signed by the authorized signatory.

Signing of Contract Form and NDA

Within fifteen (15) days of Purchase Order, the successful bidder shall sign the contract form (Annexure-III), Service Level Agreement (Annexure-VII) and Non-Disclosure Agreement (Annexure-VIII) and return it to IGSSL.

Settlement of Disputes

If any dispute or difference of any kind whatsoever shall arise between IGSSL and the supplier in connection with or arising out of the contract, the parties shall make every effort to resolve amicably such dispute or difference by mutual consultation.

If the parties fail to resolve their disputes or difference by such mutual consultation within a period of 30 days, then either IGSSL or the supplier may give notice to the other party of its intention to commence arbitration, as hereinafter provided, as to the matter in dispute, and no arbitration in respect of this matter may be commenced unless such notice is given.

Any dispute or difference in respect of which a notice of intention to commence arbitration has been given in accordance with this clause shall be finally settled by arbitration. Arbitration may be commenced prior to or after delivery of the goods under the contract. Arbitration proceedings shall be conducted in accordance with the following rules of procedure.

The dispute resolution mechanism to be applied shall be as follows:

- a) In case of dispute or difference arising between the Purchaser and a Supplier relating to any matter arising out of or connected with the agreement, such dispute or difference shall be settled in accordance with the Arbitration and Conciliation Act, 1996. The arbitral tribunal shall consist of 3 arbitrators one each to be appointed by the Purchaser and the Supplier; the third Arbitrator shall be chosen by the two Arbitrators so appointed by the Parties and shall act as Presiding Arbitrator. In case of failure of the two arbitrators appointed by the parties to reach upon a consensus within a period of 30 days from the appointment of the presiding Arbitrator, the Presiding Arbitrator shall be appointed by the IGSSL which shall be final and binding on the parties.
- b) If one of the parties fails to appoint its arbitrator within 30 days after receipt of the notice of the appointment of its Arbitrator by the other party, then the IGSSL shall appoint the Arbitrator. A certified copy of the order of the IGSSLs' Association making such an appointment shall be furnished to each of the parties.
- c) Arbitration proceedings shall be held at Chennai, India, and the language of the arbitration proceedings and that of all documents and communications between the parties shall be English.
- d) The decision of the majority of arbitrators shall be final and binding upon both parties. The cost and expenses of Arbitration proceedings will be paid as determined by the Arbitral Tribunal. However, the expenses incurred by each party in connection with the preparation, presentation

etc. of its proceedings as also the fees and expenses paid to the arbitrator appointed by such party or on its behalf shall be borne by each party itself.

- e) Where the value of the contract is Rs. 10 million and below, the disputes or differences arising shall be referred to the Sole Arbitrator. The Sole Arbitrator shall be appointed by agreement between the parties.

Notwithstanding any reference to arbitration herein,

- a. the parties shall continue to perform their respective obligation under the contract unless they otherwise agree; and
b. IGSSL shall pay the supplier any monies due to the supplier.

Submitting to arbitration may be considered as an additional remedy and it does not preclude Parties to seek redressal/ other legal recourse.

Right to Alter Quantities

IGSSL reserves the right to alter the requirements specified in the Tender. IGSSL also reserves the right to delete one or more items from the list specified in the Tender. IGSSL will inform all Bidders about changes, if any. The Bidder agrees that IGSSL has no limit on the additions or deletions on the items for the period of the contract. Further the Bidder agrees that the prices quoted by the Bidder would be proportionately adjusted with such additions or deletions in quantities.

Termination for Convenience

IGSSL, by 180 days' written notice sent to the Successful bidder, may terminate the Contract, in whole or in part, at any time for its convenience. The notice of termination shall specify that termination is for IGSSL's convenience, the extent to which the performance of the Successful bidder under the Contract is terminated, and the date upon which such termination becomes effective.

The Goods that are complete and ready for shipment within ninety (180) days after the Supplier's receipt of notice of termination shall be accepted by the Purchaser at the Contract terms and prices. For the remaining Goods, the Purchaser may elect:

- a. to have any portion completed and delivered at the Contract terms and prices; and / or
- b. to cancel the remainder and pay to the Supplier an agreed amount for partially completed Goods and Services and for materials and parts previously procured by the Supplier.

Termination for Default

IGSSL, without prejudice to any other remedy for breach of contract, by 90 days' written notice of default sent to the Supplier, may terminate this Contract in whole or in part:

- a) if the successful bidder fails to deliver any or all of the Goods and Services within the period(s) specified in the Contract, or within any extension thereof granted by the Purchaser.
- b) if the successful bidder fails to perform any other obligation(s) under the Contract.
- c) If the successful bidder, in the judgement of the Purchaser, has engaged in corrupt or fraudulent practices in competing for or in executing the Contract.

In case of successful Bidders revoking or cancelling their Bid or varying any of the terms in regard thereof without the consent of IGSSL in writing.

'For the purpose of this clause:

"Corrupt practice" means the offering, giving, receiving or soliciting of anything of value to influence the action of a public official in the procurement process or in contract execution; and

"Fraudulent practice" means a misrepresentation of facts in order to influence a procurement process or the execution of a contract to the detriment of IGSSL and includes collusive practice among Bidders (prior

to or after bid submission) designed to establish bid prices at artificial non-competitive levels and to deprive IGSSL of the benefits of free and open competition.

In the event IGSSL terminates the Contract in whole or in part, IGSSL may procure the Goods or Services similar to those undelivered, upon such terms and in such manner as it deems appropriate, and the Supplier shall be liable to IGSSL for any excess costs paid/ to be paid by IGSSL for such similar Goods or Services. However, the Supplier shall continue performance of the Contract to the extent not terminated.

Force Majeure

The Successful bidder shall not be liable for forfeiture of its performance security, liquidated damages, or termination for default, if and to the extent that, its delay in performance or other failure to perform its obligations under the Contract is the result of an event of Force Majeure. For purposes of this clause, "Force Majeure" means an event beyond reasonable control of the Successful bidder and not involving the Successful bidder's fault or negligence and not foreseeable. Such events may include, but are not restricted to, acts of IGSSL in its sovereign capacity, wars or revolutions, fires, floods, epidemics, quarantine restrictions, and freight embargoes. Delay by sub suppliers of vendor to Vendor will not be considered as cause of force Majeure.

If a Force Majeure situation arises, the Successful bidder shall promptly notify IGSSL in writing of such condition and the cause thereof but in any case not later than 10 (Ten) days from the moment of their beginning. Unless otherwise directed by IGSSL in writing, the Successful bidder shall continue to perform its obligations under the Contract as far as is reasonably practical and shall seek all reasonable alternative means for performance not prevented by the Force Majeure event.

If the impossibility of complete or partial performance of an obligation lasts for more than 6 (six) months, either party hereto reserves the right to terminate the contract totally or partially upon giving prior written notice of 30 (thirty) days to the other party of the intention to terminate without any liability other than reimbursement on the terms provided in the agreement for the goods received or complete transition / handover to the in-coming Vendor / Service Provider.

Confidentiality

The supplier will be exposed to internal business information of IGSSL, affiliates, and / or business partners by virtue of the contracted activities. The Bidder / their employees shall treat all data & information collected from IGSSL during the project in strict confidence. IGSSL is expected to do the same in respect of Bidder provided data / information. After termination of the contract also the successful bidder / supplier shall not divulge any data/ information collected from IGSSL during the project.

The supplier will have to enter into a non-Disclosure agreement (Annexure-VIII) with IGSSL to safeguard the confidentiality of IGSSL's business information, legacy applications, and data.

The successful bidder and its employees either during the term or after the expiration of the contract shall not disclose any proprietary or confidential information relating to the project, the services, the contract, or the business or operations without the prior written consent of IGSSL.

The successful Bidder and its employees shall not publish or disclose in any manner, without IGSSL's prior written consent, the details of any security safeguards designed, developed, or implemented by the successful Bidder under this contract or existing at any IGSSL location. The successful Bidder shall develop procedures and implementation plans to ensure that IT resources leaving the control of the assigned user (such as being reassigned, removed for repair, replaced, or upgraded) are cleared of all Indian Bank/IGSSL data and sensitive application software. The successful Bidder shall also ensure that all permitted subcontractors who are involved in providing such security safeguards or part of it shall not publish or disclose in any manner, without IGSSL's prior written consent, the details of any security safeguards designed, developed, or implemented by the successful Bidder under this contract or existing at any Indian Bank/ IGSSL location.

Negligence

If the successful bidder neglects to execute the work with due diligence or expedition or refuses or neglects to comply with any reasonable order given in writing by IGSSL in connection with the work or contravenes the provisions of other Terms, in such eventuality, IGSSL may after giving notice in writing to the successful bidder calling upon him to make good the failure, neglect or contravention complained of, within such times as may be deemed reasonable and in default of the said notice, IGSSL shall have the right to cancel the Contract holding the successful bidder liable for the damages that IGSSL may sustain in this behalf. Thereafter, IGSSL may make good the failure at the risk and cost of the successful bidder.

Amalgamation

IGSS is providing services to IGSSL and if IGSSL undergoes a merger, amalgamation, take-over, consolidation, reconstruction, change of ownership etc., this RFP shall be considered to be assigned to the new entity and such an act shall not affect the obligations of the successful bidder under this RFP. In such case, decision of the new entity will be binding on the successful bidder.

Use of Contract Documents and Information

The Selected bidder shall not, without the Purchaser's prior written consent, disclose the Contract, or any provision thereof, or any specification, plan, drawing, pattern, sample or information furnished by or on behalf of the Purchaser in connection therewith, to any person other than a person employed/authorized by the Selected bidder in the performance of the Contract. Disclosure to any such employed/authorized person shall be made in confidence and shall extend only so far as may be necessary for purposes of such performance.

The Selected bidder shall not, without the Purchaser's prior written consent, make use of any document or information pertaining to this contract except for purposes of performing the Contract.

Inspection of Records

IGSSL at its discretion may verify the accounts and records or appoint third party for verification including an auditor for audit of records including the solution provided to IGSSL under the RFP and the Service Provider shall extend all cooperation in this regard.

Supplier shall provide unrestricted access to its premises and records being maintained with regard to the job being performed as per its contract with IGSSL, to the authorized personnel of IGSSL / its auditors (internal and external)/ any statutory / regulatory authority / authorized personnel from RBI or any other entity/authority to carry out any kind of process of audit including that of its operations and records related to IGSSL, as per its own satisfaction at the office / factory or any other premises of the Service Provider, in the presence of representatives of the Service Provider, at any point of time by giving notice.

Inspections and Tests

The Purchaser or its representative(s) shall have the right to visit and /or inspect any of the Bidder's premises to ensure that data provided by IGSSL is not misused. The Purchaser shall notify the Supplier in writing, in a timely manner, of the identity of any representatives retained for these purposes.

Any charges payable to the Purchaser's representative designated for inspection shall be borne by the Purchaser.

Should any inspected or tested Goods/software fail to conform to the Specifications, the Purchaser may reject the Goods/software, and the Supplier shall make alterations necessary to meet specification requirements at no additional cost to the Purchaser.

The Purchaser's right to inspect, test and, where necessary, reject the Goods or software after the delivery shall in no way be limited or waived by reason of the software having previously been inspected, tested and passed by the Purchaser.

General Terms

The relationship between the IGSSL and Successful Bidder/s is on principal-to-principal basis. Nothing contained herein shall be deemed to create any association, partnership, joint venture or relationship or principal and agent or master and servant or employer and employee between IGSSL and Successful Bidder/s hereto or any affiliates or subsidiaries thereof or to provide any party with the right, power, or authority, whether express or implied to create any such duty or obligation on behalf of the other party.

Successful bidder/Service Provider shall be the principal employer of the employees, agents, contractors, subcontractors etc., engaged by the successful bidder/Service Provider and shall be vicariously liable for all the acts, deeds, matters or things, of such persons whether the same is within the scope of power or

outside the scope of power, vested under the contract. No right of any employment in IGSSL shall accrue or arise, by virtue of engagement of employees, agents, contractors, subcontractors etc., by the successful bidder/Service Provider, for any assignment under the contract. All remuneration, claims, wages dues etc., of such employees, agents, contractors, subcontractors etc., of the successful bidder/Service Provider shall be paid by the successful bidder/Service Provider alone and IGSSL shall not have any direct or indirect liability or obligation, to pay any charges, claims or wages of any of the successful bidder's/Service Provider's employees, agents, contractors, subcontractors etc. The Successful Bidder/Service Provider shall agree to hold IGSSL, its successors, assigns and administrators fully indemnified, and harmless against loss or liability, claims, actions, or proceedings, if any, whatsoever nature that may arise or caused to IGSSL through the action of Successful Bidder/Service Provider's employees, agents, contractors, subcontractors etc.

The cost of preparing the proposal including visit / visits to IGSSL by the bidder is not reimbursable.

All pages of the Bid Document, Clarifications/Amendments if any should be signed by the Authorized Signatory (POA proof to be submitted). A certificate of authorization should also be attached along with the bid.
